## TO OUR FRIENDS AND PATRONS

This fourth annual prize-list of the Charleswood Horticultural Society, as you will see by a careful perusal, shows a remarkable advance over previous years, both in the number of classes and the splendid prizes offered.

Our list of special prizes, we are confident, will not be surpassed by any other society of the kind in the Province, and these have been made possible by the more than generous response of our regular contributors, as well as many new friends, a list of whose names will be found elsewhere, and we therefore INVITE and URGE every resident of Charleswood to assist in showing our appreciation of this generosity on the part of our friends by MAKING PLANS NOW to compete for as many as possible of these splendid prizes. Help the Society, the Municipality, and Yourself by becoming a member and exhibitor for 1922. This appeal is to YOU.

GEO. T. CHAPMAN, President,  
THOS. J. LOCK, Secretary.

## CHARLESWOOD HORTICULTURAL SOCIETY

### RULES AND REGULATIONS

1. Competition is limited to residents within the area covered by the Society, unless otherwise stated, and is known as the Charleswood Horticultural Society.

2. The annual membership fee of \$1.00 must be paid before any entry can be accepted. Such payment will entitle the member to free entries for five exhibits, a fee of 5c to be paid for each additional entry.

3. The price of admission to the Exhibition shall be 25c, children 10c. All members of the Society and members of the Boys' and Girls' Club free.

4. Entries should be made on the Entry Form to be found in this book, and must be in the hands of the Secretary, Mr. Thomas J. Lock, Charleswood P.O., Man., not later than Wednesday, August 23rd. Late entries, 10c each.

5. The Committee will be on hand the night previous to the show until 8 p.m. to receive exhibits. All exhibits must be in place by 10 o'clock on the morning of the show, and must not be removed before 8 p.m., Saturday. Any exhibit left after that time will be at the owner's risk.

6. All Flowers and Vegetables must be grown by the exhibitor. In the case of Flowering or Decorative Plants, they must have been in the possession of the exhibitor at least six weeks before the date of the show. All Pot Plants must have been grown in the vessel in which they are exhibited for at least six weeks before the show.

7. The first, or any other prize, may be reduced in value or withheld entirely in any section where the judges consider the exhibits are too few in number or are not of sufficient merit to justify the award being made, or where any fraud or deception have been attempted by the exhibitor. An exhibitor may make only one entry in any section.

8. Any exhibitor may appeal against the decision of the judges in any competition by lodging with the Secretary, before 4 p.m. on the day of the show, a statement in writing of his objection, together with a protest fee of \$1.00, which shall be forfeited if the appellant fails to proceed with his appeal or in case the objection is not sustained.

9. All matters not governed by these rules shall be referred to the Executive Committee, whose decision shall be final.

10. No persons but officials shall be allowed in the buildings during the judging.

11. No exhibit must bear name, initial, or mark of identification unless where otherwise stated.

12. Prizes will be paid, at the discretion of the the Committee, in cash or by donated goods of equal value.

The ladies of the St. Mary's Auxiliary will provide afternoon tea both days.

# Shoe Comfort Is Essential—

You buy a good pair of Shoes. You endure the DISCOMFORT OF BREAKING THEM IN, then just because the soles wear through, you throw them away. Why? Because you have not tried the Goodyear Repair Service. We have the up-to-date machinery to give you the SERVICE and the Quality leather to give you the WEAR. You have the shoes to give you the COMFORT.

# Install a "RED HOT" PIPELESS FURNACE IN YOUR HOME

## *For Solid Comfort and Economy*

You can heat your home to perfection with maximum comfort and minimum fuel-cost by the RED HOT PIPELESS FURNACE, just through one large register. The hot air comes up through the centre, and the cold air goes down the outside compartment, between the circle and the border, which is directly over the furnace.

The scientific construction of this system circulates the air through the entire house, reaching all the farthest corners.

All the heat goes directly into the house; not a particle is wasted in the basement or elsewhere.

The proper degree of temperature is easier maintained than by the use of any other system of heating.

The effect of a small fire is immediately felt, and the airtight construction enables it to be held for hours without attention.

### The "Red Hot" Pipeless Furnace Has these Features

More heat and just where you want it.

Always ready to warm that cold room; just open the door.

Has no hot air pipes; no bulky cold air pipes; your walls are not torn up, no cellar is too small. You can set it up yourself.

Burns any kind of fuel, sending an abundance of clean, pure, warm air to every room.

Simpler than a stove to operate, cleaner, more saving in fuel.

Ventilates as well as heats, changes and purifies the air in every room.

In two sizes at \$113.50 and \$139.50, complete with casing and register
